## CAREER SUMMARY

A Frontend Developer with 4+ years of experience building scalable web applications, now transitioning into Technical Product Management. Combines deep technical expertise in Angular, React, and modern web development with formal certification in Technical Product Management from Treford. Proven ability to translate business requirements into technical specifications, collaborate effectively with cross-functional teams, and guide products from conception to launch. Aims to leverage a strong engineering background to drive product strategy, prioritize features, and deliver user-centric solutions that align with business goals.

## CORE COMPETENCIES

- **Technical Product Management:** Roadmap Planning, Stakeholder Management, Agile & Scrum Methodologies, Requirements Gathering, MVP Definition, Go-to-Market Strategy.
- **Frontend Development:** React.js, Angular 15+, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3/SASS, Tailwind CSS.
- **UI/UX & Delivery:** Responsive Design, Accessibility (WCAG), Cross-browser Compatibility, Performance Optimization (Lighthouse), CI/CD.
- **API Integration & Collaboration:** RESTful APIs, State Management, Collaboration with Design & Backend Teams, Mentoring & Code Reviews.

## TECHNICAL PRODUCT MANAGEMENT FOCUS

- **Product Vision & Strategy:** Ability to align development work with overarching product goals and business objectives.
- **Stakeholder Communication:** Skilled at bridging the gap between technical teams and non-technical stakeholders, including product managers and designers.
- **Agile Execution:** Hands-on experience with Agile/Scrum methodologies, understanding sprint planning, backlog grooming, and iterative delivery.
- **Technical Insight:** Capable of making informed prioritization decisions based on a clear understanding of technical dependencies, effort, and risk.

---

## WORK EXPERIENCE

---

### Frontend Developer

**KOAA Solutions | Full Time | Lagos, Nigeria**

*August 2023 – Present*

- Developed and maintained user-facing features using React.js and Angular, creating scalable and reusable component libraries.
- Collaborated closely with product and design teams to translate mockups and user stories into functional, high-quality code.
- Integrated REST APIs, focusing on performance, error handling, and data reliability to ensure a seamless user experience.
- Mentored junior developers through code reviews and technical guidance, fostering team growth and code quality.

### Frontend Developer (Angular)

**5centsCDN | Full Time | Remote (Edmonton, Canada)**

*January 2023 – May 2023*

- Led the performance-focused overhaul of a key web dashboard, directly contributing to improved user satisfaction and operational efficiency.
- Implemented responsive and accessible layouts using Tailwind CSS, adhering to modern Angular best practices.
- Enhanced cross-browser compatibility and systematically reduced load times, demonstrating a user-centric approach to technical problem-solving.

### Frontend Developer

**Beatify.ng | Full Time | Remote**

*October 2022 – January 2023*

- Built responsive Angular interfaces and refactored components for improved scalability and long-term maintainability.
- Supported end-to-end feature delivery in alignment with product specifications and QA standards.

### Web Developer

**Goal-Tile Inc | Part-Time | Remote**

*January 2021 – December 2023*

- Developed reusable components and adaptive layouts for the company's core web platform.
- Maintained CI/CD workflows and Git version control, ensuring smooth and reliable deployment cycles.
- Delivered backend-connected features using REST APIs, ensuring faultless operation and system stability.

---

## EDUCATION AND CERTIFICATIONS

---

- **B.Sc. in Computer Science & Engineering**  
Obafemi Awolowo University, Nigeria | 2014 – 2019
- **National Diploma in Computer Science & Technology**  
Yaba College of Technology, Lagos | 2010 – 2012

### Certifications:

- Technical Product Management - TreFord (Certification focused on product strategy, lifecycle management, and stakeholder alignment)
- Technical Product Management - International Institute of Business Analysis™ (IIBA®)
- Product Management - Project Management Institute
- Project Management - Project Management Institute
- Angular – The Complete Guide (Maximilian Schwarzmuller)
- Zero To Mastery: Frontend Development Bootcamp
- The Ultimate React Course (Jason Schmedtmann)
- Responsive Web Development (Aptech)

---

## EXTRACURRICULAR ACTIVITIES/Achievements

---

- **Raata.deals:** Developed a performant React-based e-commerce application, managing API integrations and reusable UI modules.
- **Doodlesstick.com:** Created a cross-browser compatible health agency website with dynamic data visualization using Angular and Charts.js.
- **Globalimpactng.org:** Built a responsive website for a non-profit with integrated donation/payment systems to support community outreach
- **Spaceet.com:** Designed a responsive apartment booking web app using the MERN stack.
